1. You read that one of the main functions of the judiciary is 'upholding the law and Enforcing Fundamental Rights'. Why do you think an independent judiciary is necessary to carry out this important function? Answer An independent judiciary is necessary to carry out the function of 'upholding the law and enforcing Fundamental Rights'. It intends to shield the judicial process from external influences and provide full legal protection to all individuals going to court for whatever ...

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and

local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Explores the relationship between the legitimacy, the efficacy, and the decision-making of national and transnational constitutional courts.

GOVT 9's easy-reference, paperback textbook from 4LTR Press presents course content through visually engaging chapters, as well as chapter review cards that consolidate the best review material into a ready-made study tool. 4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

Known for shedding light on the link between the courts, public policy, and the political environment, *Judicial Process in America* offers students a clear but comprehensive overview of today's American judiciary. Considering the courts from every level, the authors thoroughly cover judges, lawyers, litigants, and the variables at play in judicial decision-making. The highly anticipated Eleventh Edition offers updated coverage of recent Supreme Court rulings, including same-sex marriage and health care subsidies; the effect of three women justices on the Court's patterns of decision; and the policy-

making role of state tribunals as they consider an increasing number of state programs and policies. New to this Edition Discussions of recent judicial appointments take a critical look at how President Trump's victory has set the stage for moving the ideological direction of the Supreme Court and of the lower federal judiciary in a distinctly more conservative direction. An analysis of recent controversial Supreme Court decisions help students to identify with the content by exploring issues such as, citizenship rights for immigrants, gay and lesbian rights, and freedom of speech and religion. Additional tables and graphs illustrate the patterns and trends that are occurring in today's judicial process. New coverage of current topics help students see how the judicial process is applied. These topics include: the legality of Congress' feeble attempts to "repeal and replace" the Affordable Care Act that affects millions of people; how to address the issues of immigration and deportations, including what to do about so-called Dreamers (children brought illegally to the United States by their parents without the children's knowledge and who have spent much or all of their lives here); the status of abortion rights in America as more and more conservative states have sought to further restrict a woman's right to such a procedure; the legal status of transgender persons in the armed forces; the degree to which severely gerrymandered legislative districts pass constitutional muster; and the great changes in the issue of same-sex marriage, both among average Americans and within the state and federal court systems (including all the ancillary issues such as whether same-sex couples can adopt children and obtain government fringe benefits).

The Committee on House Administration is pleased to present this revised book on our United States Government. This publication continues to be a popular introductory guide for American citizens and those of other countries who seek a greater understanding of our heritage of democracy. The question-and-answer format covers a broad range of topics dealing with the legislative, executive, and judicial branches of our Government as well as the electoral process and the role of political parties.--Foreword.
